

HUNTING/FISHING LICENSES:

Seasonal Hunting, Fishing, Bow, Muzzleloader, Turkey and Lifetime Licenses are available during our regular business hours.

It is most helpful if you have your previous License or valid Driver's License available as it allows us to locate you in the New York State system with minimal difficulty.

New York State Department of Environmental Conservation forwards us the latest information available regarding license requirements, changes, important dates, etc., and this information is available to the public during our regular business hours.

Lifetime License holders receive their privilege tags directly from New York State. Deer Management Permits (DMP's) **ARE** included with Lifetime License's purchased before 10/1/2009, Bow and Muzzleloading permits **ARE NOT** included in the Lifetime License, the applicable current fees will be collected.

To purchase a Lifetime License for a child, the purchaser must bring proof of the child's age (e.g. Birth Certificate or Passport) and a copy of the parent's residency proof.
